(Concerning the reliability of current war reports.)
Port Arthur has formed the Perishous Habit of falling about wunst a week but it always succeeds in getting on its feet again so to be ready for the next fall.

Port Arthur is responsible for more lies at's been told in any other place in the Wor infested Region so at nobody can't believe nothin' at's happened there till he gets it confirmed an' th' only place 'at can confirm anything is Che Fu which is a worse lyer in Port Arthur itself. Most of the News 'at gets out of Port Arthur is what th' Rushuns trade to th' Chinese Junx fer vegetables an' other supplies which they can't raise at Port Arthur on account of the Ravages of the Japankess which is worse on Grow-in' Crops 'n as if they was Haws or Cattel.

The Junx takes th' news back to Che Fu in ballast an' then its retailed to th' World.

JUST IN TIME.

A motorman in Chicago ran his car onto the approach of an open bridge but stopped it with the fender actually overhanging the gulf below. He wouldn't want to repeat the experiment because the chances are that he'd never again have the same good fortune.

Once in a while some one who has traveled to the very edge of the danger line of stomach disease stops just in time to save his health. But the majority of people go across the line, and slight symptoms of indigestion grow to disease of the stomach, involving the other organs of digestion and nutrition. Indigestion and other forms of stomach "trouble" are perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It strengthens the whole body by enabling the perfect digestion and assimilation of food.

\$3,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"I have been suffering for about eight years," writes Mrs. E. E. Davis, of Millington, Ky. "I have had several doctors to treat me for female weakness and others for stomach trouble, but received no relief. When I wrote you for advice I was hardly able to work, and you advised me what to do. I took nine bottles, five of 'Golden Medical Discovery' and four of 'Favorite Prescription,' also two vials of the 'Pellets.' Dr. Pierce's medicines will do all that you claim for them. Believe I would have been in my grave if I had not taken them."

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

A GLOOMY SABBATH
Rags Will Spend It in Meditation and Honest Prayer.

Hal Clark, colored, better known by the more familiar and endearing name of Rags, is up against it again. Hal is a hardworking bootblack and means to be a good citizen, but like Happy Hooligan, his intentions are being continually misconstrued by the officers. He has been in court half a dozen times, more or less, always on a misdemeanor charge, and always in defense of justice, according to his statement of the case. His latest escapade, also according to his statement of the case, appears to be a trivial matter and when he came into court he said he supposed he would be put away for a few days just because that was his usual luck. But after he had been given a hearing and the court said he would continue the case till Monday, to consult with the district attorney and determine whether or not it was a penitentiary offense, Rags' face assumed a solemnity it never wore before. Ed Whinnen arrived here recently from Congress, where he has been working, and of course when he got to the metropolis he had to celebrate a little. He got more elixir under his belt than he really should have done, and laid down to sleep near the Santa Fe depot. When he awoke, his scarf pin, a gold quartz horsehoe, valued at twelve dollars, was gone from his necktie. He remembered that he had seen Rags in the vicinity when he went to sleep and suspicion at once fell upon the black Hooligan. The pin was soon after recovered at a pawnbroker's establishment, where it had been sold by Rags for \$2. Then Rags was arrested. He said he didn't need any lawyer and couldn't get one if he did need him, so the trial was not delayed. Hal said he had met the complainant and talked with him previous to his going to sleep. In fact he had roused him up and told him to get up or he would be arrested. Later when he passed by the man was gone and he found the scarf pin in the grass where the man had been lying. He claimed it by right of discovery and pawned it as soon as he could to avoid any unpleasant complications should he be found with it in his possession, though he insisted that he did not know the owner of the pin and that he was never

nearer to Whinnen than four feet. Whinnen remembered seeing Rags, but denied any conversation with him. The property was proved and turned over to the complainant and Rags was found guilty of having disposed of something which he knew did not belong to him. But there was a question whether he had taken it off the man's person or not, whereby hangs the doubt concerning the crime being felonious. The case was continued until Monday, either for further action or sentence as may then seem proper to Justice Robertson.

A PHOENIX MELON GROWER
Suggests the Advisability of a North Side Association.

J. K. Wheat, horse trainer by profession is doing a little stunt on the side with cantaloupes and watermelons and says he has the finest flavored melons in the world. That is a pretty bold statement for melons are all good and the best in the world suggests something almost too good for ordinary use. However, there is no doubt but that Mr. Wheat's fruit is good enough for anybody.

Incidentally Mr. Wheat says he thinks the melon growers in the vicinity of Phoenix are overlooking their opportunities by not organizing an association similar to the Mesa Melon Growers' association, then plant a larger acreage and get in on the carload shipment business. Such an association formerly existed here though most of its attention was paid to watermelons. However, it seemed to the outsider to be a successful business venture and there is some wonder why it was ever abandoned.

Those interested can no doubt learn the cause by inquiring of the officers of the former association and also learn whether or not it would be to their advantage to organize for operation next year. But in any event the melon growers of the south side seem to be making a success of it and this season not only shipped carloads but train loads of melons.

Beware of Ointments for Catarrh that Contain Mercury.
as mercury will surely destroy the renal system and completely derange the mucous surfaces. Such articles should never be used except on prescription of a reliable physician as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggists. Price, 75c. per bottle.

ECZEMA

SETS THE SKIN ON FIRE.

No disease causes so much bodily discomfort, or itches, burns and stings like Eczema. It begins often with a slight redness of the skin, followed by pustules or blisters from which a gummy, sticky fluid oozes, which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body, but oftentimes upon the back, arms, hands, legs

Dear Sirs:—I feel it my duty to write and let you know what S. S. S. has done for me. I have suffered with Chronic Eczema for over fifteen years, and have spent a great deal of money trying to get cured. Have used salves and washes and different kinds of blood medicine, have been treated by the best doctors in the city, but could not get relief. My leg was in a terrible condition when I started the use of S. S. S. Have taken several bottles and now there is not a spot on my leg or any other part of my body. I feel like a new man.
F. D. FLANNERY,
2601 Thomas St., St. Louis, Mo.

While external applications, such as washes, soaps, salves and powders are soothing and cooling, they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses the general system, when the skin clears off and Eczema and all its terrifying symptoms disappear. Book on the Skin and its diseases free. No charge for medical advice.
